We are using this as our home school spelling curriculum. All I can say is why did I not ever think of this before! The book gives a set of 15 spelling words, and then 4 lessons to go with them. Then it starts the next set. My children do 1 lesson a day and then on Friday, they test on the words. They are even enjoying spelling now, and are getting competitive with each other about it. This book has simplified our spelling routine and made it so much easy. I highly recommend! We have the 4th and 6th grade books. The pictures I posted are from the 6th grade.

This is a great spelling book. My kids have actually enjoyed using this book for spelling. I've seen improvement in their spelling skills after just five lessons.

Just what we needed for this school year. A lot more vocabulary than I anticipated, but that's ok.

Perfect for homeschooling. So far there's 4 pages per unit, which you can use monday - thursday and then do a spelling test on Friday.
