Customer Reviews

Georgina Williams is devastated to learn that her father intends to remarry while she is still mourning the loss of her mother. Three months later her father is dead under suspicious circumstances. Now Georgina is at the mercy of her stepmother and stepsister who have relegated her to the servants' quarters with the status of a poorly treated servant and subject to frequent beatings.

As expected Grace Fletcher has written another very lovely story. There is something so simple and satisfying to read a wholesome romance with well written characters and a good story to back them up! Highly recommended for readers of all ages.

This story has an amazing storyline that completely draws you into. You cannot help falling in love with the characters and feeling all of their emotions as if they were you. This story sucks you in and I couldn't put it down until the end. I cannot wait for the next book!

This is a great read for a rainy afternoon. There is enough action to keep you very interested in the plot. There are so few clean romances. I will try looking for more of Grace Fletcher's book.
