Age Range: 5 - 8 years

Grade Level: Kindergarten - 3

## **Customer Reviews**

I'm a homeschooler and we were studying ancient Israel recently. I bought this book so my early elementary kids could learn something about Hebrew. I really liked the book, but I am only giving it four stars because there is no page with the alphabet on it! I thought the word lists included were great for beginners, and WONDERFUL how it includes the phonetic pronunciation in English along side the English and Hebrew spellings. But no alphabet page? It would have been perfect if only it had!

"My first Hebrew Word Book" is one I definitely recommend. The pages are broken up into categories (family, weather, clothing, etc) with both the Hebrew and English word for the item, which makes this book perfect for dual-language children, English-speaking children learning Hebrew, or even Hebrew-speaking children looking English. It would even be great for an adult trying to learn Modern Hebrew. If there's one book I could recommend to teach someone simple Hebrew words for every day objects this would be the one!

I just wanted to get a simple introduction to the Hebrew language. This book does this with a format of words and pictures. The vocabulary is extensive and grouped by subjects. The words are clearly written in Hebrew and in English. It is a great first Hebrew book for children or adults.

I bought the Kindle version of this book. I like electronic books because I have access to a small library where ever I go besides saving forests. Unfortunately this book is useless because the print is too small to read. This is the only electronic book I have that I cannot enlarge the pages. I use a Apple Ipad mini with a kindle program on it.

this is a perfect book for all age (though mostly for school age children). if you want to learn some Hebrew, this is a fun way to build your vocabulary. would definitely use other books from this author and products from the publishers and sellers.

Totally satisfied with my book. I'm taking Hebrew classes and they are so hard. This book is helping me, as, I need to learn on a kids level!

It's very helpful and I like it.words start from summer, fall, winter, and spring are pretty good, and I like it.I try to remember one page words a week, but I have other hebrew children book to read,so it's OK a page a week,thank you for this good book. I like the compile and print, the illustrations are beautiful.

My grandson loved this book! He learned so much and in no time was labeling everything in the house in Hebrew
