Volume 4 is out and it doesn't disappoint. This volume follows the girls on an icy adventure of friendship, grudges, old memories, and ill-thought-out revenge that ultimately reveals more secrets and mysteries of the Lumberjanes. A must have for fans of the series! Also (spoiler?) the Scouting Lads return in this volume and who doesn't want that?

My husband and I probably aren't the target demographic, not being pre-teen girls, but these stories are delightful, and it's really great to see comics for girls about female friendship and adventures that aren't "girly." The stories are silly, sweet and exciting.

Another wonderful trade from Lumberjanes. This time we start to explore some of the camps past, A delight as always!

I can't say enough how much I love the Lumberjanes. I only wish they were around when I was a kid. Buy them all!
