Cosplayers

Synopsis

This graphic novel takes a humanistic look at cosplayers, the Storm Troopers and Sailor Moons that have become the symbol of comic cons in America. This graphic novel is an ode to the defining element of fandom. It celebrates both the culture's theatricality and D.I.Y. beauty as well as its often-awkward conflation of fantasy with reality in seven interconnected short stories about two young women. *Cosplayers* is an affectionate, funny book about how fandom can be much more inclusive and humanistic than the stories and characters it's built upon. Full-color illustrations throughout
