## **Customer Reviews**

I am surprised that I am the first review. This is about a person who has suffered because of her external appearance. She gives good advice and personal reflections on how to be happy. I would recommend it to anyone.

Excellent! Excellent! Excellent! Lizzie Vasquez is so inspirational and amazing. I am a therapist so I am often using inspirational videos and books during my sessions with clients. That was how I first came across Lizzie. After watching her youtube video I bought all of her books and then I bought multiple copies of her books for my clients to borrow. The books are not super long, they are very easy to read and they are very empowering and inspirational! My clients love reading the books, as did I. I feel like this book will be perfect for an older teenager or college kid that can really appreciate the value of loving life and choosing positivity.

Very upbeat - probably suitable mostly for teens and young adults
