This book is cute and colorful. The illustrations show the girl in many different situations -- playing outside, praying, riding the bus, car and train, shopping with her grandmother and mother, reading the Quran, etc. The only downside is that the illustrations are of rather poor quality -- rough, computer-created drawings.

Very nice book for a young Muslimah girl. Hardbound and sturdy. We have other books in this series as well, and all are well made.

Beautiful book with great illustrations. Sturdy board book. Great story. My daughter loved it! I would encourage any Muslim parent to buy it for their daughter.

The best gift u can buy for your kids, the epitome of feminine modesty in a human being starts with the future mother/teacher of mankind.

Great incentive for young kids motivation and self esteem.
