# Healing Your Family Tree

## **Synopsis**

Each chapter touches on a different part of the healing process with Scripture quotations and citations to substantiate the author's observations. It is a fascinating question and answer explanation of an engrossing subject. --This text refers to an out of print or unavailable edition of this title.

## **Customer Reviews**

This book gives a detailed account of how to approach sickness, emotional and psychological problems and other family dysfunctions by healing your family tree. The author has a firm grasp on the theology behind this relatively recent idea, and also has studied science, especially genetics, so he is able to give ways for us to understand how ancestral sin, a little bit like original sin, can have long-term effects on descendants. The book is in a question and answer format and very thorough.

I didn't care much for the Question & Answer format. It would have been fine if half of the book or less contained the Q&A's. The answers were so extensive that it made the organization of the book hard to follow. The author would have been better served by laying out the foundation of his arguments in the first 3 or 4 chapters. Overall there is a lot of wisdom in this book; however, it is presented in such a way that it may be hard to stomach for the less-than-devout Catholics, or gnostics and mystics of various traditions.

Excellent book for those people who are serious about family issues and where they come from. My

second copy, gave the first away.

Finding out root sources of diseases; maladies and disorders, and the solutions that are given for remedy are very effectual.

This book is full of helpful Catholic Doctrine and Theology... answered in questionformat. Helpful in providing a outlinedprogram to initiate healing in areasof our families, past-present-future generations.Very Good Resource

Although the book was used, it looks like new, so I am happy with my purchase.

GET THIS BOOK! IT WILL CHANGE YOUR LIFE.

The book came in excellent condition. The material is very informative.
