# Quicknotes Bible Handbook (QuickNotes Commentaries)

## **Synopsis**

When your customers ask for understandable Bible reference products, turn to Barbour's QuickNotes line! This practical and reliable handbook provides overviews and chapter-by-chapter summaries for every book of the Bible, plus a helpful topical index. Concise, easy-to-read entries give readers the "big picture" view of scripture, helping them see how all the people, places, and ideas fit together. Also featuring intriguing sidebars and classic illustrations that bring the Bible text to life, the QuickNotes Bible Handbook is an excellent resource for everyday Bible study.

## **Customer Reviews**

If you want to understand the Bible and are having difficulties use this book to explain every book in the Bible. I have used it for years and bought it for others and it is worth the buy. Read the book of the Bible you want to study and have this close by to help!! Mine is folded over, mutilated , well worn and I still use it.

This book is a great companion to the Bible that teaches the reader the things they should ascertain from reading the Bible. I have read this book through like a novel and then gone back to reread portions that have interested me. I have also used it to teach people how important it is to study the Bible and really get the lessons you are supposed to get out of it. This book has given me a deeper understanding of important people in the Bible and why they are significant. Great tool for anyone and any age.

This book only downloaded as far as chapter one. DISAPPOINTED!! I can only get as far as chapter one. I hope the problem will soon be resolved.

Eye-opener for me since I wanted to get into Bible from a wider angle gradually focus on various aspects of interests.
