CompTIA Security+ Certification Kit: Exam SY0-401

Synopsis

The most complete, up-to-date Security+ prep kit, with 100% exam coverage CompTIA Security+ Certification Kit, 4th Edition is the ideal study tool for the price-savvy Security+ candidate. By combining the CompTIA Deluxe Security+ Study Guide, 3rd Edition and the CompTIA Security+ Review Guide, 3rd Edition into a single bundle, this kit provides everything you need to go into the exam fully prepared. This new edition has been updated to align with the latest version of the Security+ exam (SY0-401), and covers 100% of the exam objectives including communications, infrastructure, operational and organizational security, and much more. Practical examples drawn from real-world topics demonstrate how these concepts are applied on the job, and authoritative coverage and clear, concise explanations help deepen your understanding of these crucial security topics. The DVD includes instructional videos, electronic flashcards, software, and a test bank that allows you to test your knowledge and correct weak areas in advance, so you can approach the exam with confidence. Study 100% of the Security+ exam objectives See key topics demonstrated in over an hour of instructional videos Understand real-world applications through practical examples Try out Kali Linux, designed for security auditing, digital forensics, and penetration testing, and Security Onion for intrusion detection, network security monitoring, and log management Test your knowledge with leading-edge exam prep software With complete exam coverage and practical insight, CompTIA Security+ Certification Kit, 4th Edition gives you the confidence you need on exam day.

Customer Reviews

The delivery speed was ok, I have had faster deliveries. While it may have been updated for the current test it does not contain latest information. One example is that it does not contain information about 802.11 AC routers, only lists up to 802.11n as being the latest wireless connection. I have not been able to get the videos on the CD to play yet. I do like the E-Book copy that can be copied from the CD to my portable device. The CD only has 2 practice exams to try. The book is written more for a structured classroom environment rather than as an Exam Cram or Self Study situation.

A great primary source

Very good book
