A Journey To The Roots Of Rastafari: The Essene Nazarite Link

Synopsis

Ethiopia accepted Christianity as her sovereign faith after being a Judaic nation for centuries before Christ. Her political seat being the Throne of David makes this event uniquely significant in that Judaism as a religion or as a nation had no existing empire. By this, we mean that after the destruction of Jerusalem in 588 BC and the dispersion of the Israelites, the Jews, as a nation, were unable to reconstruct an independent state anywhere in the world except for the empire established in Ethiopia. Therefore, Ethiopia represented the only nation to have made such a transition from Judaism to Christianity. When one makes a thorough study of the traditions of the biblical Jewish nation, one will understand that a Jewish nation could not be reestablished without the Throne and seed of King David. Therefore, Israel as a place remains to be the fragmented ruins of a past flourishing Jewish state. The Roman invasion and occupation of Jerusalem created an atmosphere of tension and political unrest that continued and subsequently led to the destruction of this once glorious city, which used to house the Ark of the Covenant. All this occurred before the birth of Christ, who was to be the major element in the events that were to lead to a New Way.

Abba Yahudah is this generations foremost authority on Rastafari. The book is extremely well written and interesting, providing us with the truth and origins of the movement dating back to the beginning of time. This book deserves to be used in major universities as a historical reference in the context of the ancient Essenes and Rastafari.

(for "who hav eyes to see"...)...a very recommendable study, for people walking seeking on this earth....some missing links in human history, specially in this culture we live since the christ was born....feelin blessed hav found and read!!! ...and the journey continues....

Excellent and magnificent in many ways...striking paintings and drawings by the author strengthens and enlivens the subject matter and pulls the reader into the Journey... a plethora of knowledge sourced from the author's direct experience, various ancient manuscripts, and religious/historical publications. Very successful integration of world history with Biblical prophecies...and compelling explanation of the Feminine Divine....Crucial knowledge and wisdom, at a time when it is most needed. Beautiful and Blessed Works!!!

This compilation of misinformation is one of the reasons many people don't take Rasta seriously. It is full of claims that aren't backed by any reliable sources, states as fact things that are easily proven wrong, and tries to fill in huge proportions of space with other people's work's. He claims that Anubis is the son of Osiris! All you have to do is google it. That's just one small example of what this book is all about. Just more barely researched, emotionally charged mumbo jumbo. Dont bother!

GREAT SOUND KNOWLEDGE on the livity of Rastafari...Great foundational guide for those beginning their journey into the Roots of Rastafari! LOOOVE IT!

It's a book that's really easy to read over and over again. In no uncertain terms, this book is very eye opening with respect to men and women in the consciousness of love. Blessed Love.

This book makes what could be complicated subject matter, an easy read. It taught me some things and made me consider some things I hadn't thought about in depth before.

I love this book!!! It is the most insightful and informative I have come across lately. I will definitely for other book such as this from this author.
