Jake Starts School

Synopsis

It's Jake's first day of school. He doesn't want his mom and dad to leave him there, alone. Now, Jake and his parents have to spend the first day of school together. Finger painting. Sharing snacks. Playing on the seesaw. Will Jake ever be able to stay at school on his own? The answer will delight and reassure children and their (anxious) parents!

Book Information

Hardcover: 48 pages

Publisher: Feiwel & Friends; First Edition edition (June 24, 2008)

Language: English

ISBN-10: 0312367988

Grade Level: Preschool and up

Customer Reviews

Let's see. As a kid I had a brief love of a blanket (which ended abruptly when my mother put it in the washing machine one day). I was a perpetual crier, bursting into tears at the slightest nudge or misunderstanding. And I was afraid of dogs too. Yet my parents never really thought to themselves, "Let's find Betsy a picture book about a blankie/crying/dog that will help her work through her issues." That is because bibliotherapy hadn't hit its heyday in the early 80s (nor, for that matter, would the selection of quality picture books on those topics have been much to crow about). These days I'm a children's librarian and my reference desk is regularly visited by parents looking to secure the picture book that will explain to their child why they shouldn't do such-n-such or fear such-n-so. Whether this parenting technique actually works is up for debate, but one thing is certain. Authors everywhere have done their darndest to convince us that their book is THE best on the

topic you desire. And outside of a trip to the dentist or to get a shot at the doctor's, the most harrowing experience looming in a preschooler's near future is the prospect of the first day of school. Now Michael Wright brings back Jake, a young fellow who has already navigated the turbulent waters of nighttime in *Jake Stays Awake*. In "Jake Starts School" we see fear on display and a lesson imparted so skillfully as to almost seem like it was a sweet accident of writing rather than the author's entire goal. As first day of school books go, Wright's everyboy will strike the right chord with a whole generation of kids. And it seemed to be going so well.
