Customer Reviews

This is the most adorable story with the most adorable illustrations. I bought my first copy on a sale table 20 years ago. I went to to find other copies to give as gifts to my favorite kids.

This book arrived in a reasonable amount of time and was just as the seller described. It was one of my children's favorites growing up. I wanted to pass it on to another young child. It is a very good story especially if the child has a move in the future.

This could have been my fault, but I expected a book... A grown ups book... Not a 30 page large print one paragraph per page watercolor story of a dog moving to a new house. I guess I didn't read the description or any previous reviews. Unless this is for a child.... Don't waste your money.

Very cute book, bought to help child with move....
