The Kingfisher Children's Illustrated Dictionary And Thesaurus

Synopsis

Fun and easy to use, The Kingfisher Children's Illustrated Dictionary and Thesaurus by George Marshall is the ideal choice for upper elementary and middle-school children who are beginning to expand their vocabulary. Comprehensive and authoritative, it defines more than 4,000 words with clear, age-appropriate entries, and also includes a thesaurus with more than 5,000 headwords. Plenty of sample sentences offer further clarification, while the intuitive pronunciation guides make difficult words easy to say. Hundreds of bright photographs and illustrations contribute extra vocabulary information and make this book a verbal and visual treasure trove. Special features include

- Full-color, high-interest topic boxes provide an in-depth look at selected subjects and related vocabulary
- Color-coded guide words and alphabet strings on page edges that make words easy to look up
- Vocabulary panels
- Definitions clearly identifying parts of speech, different word forms, and alternate spellings
- Information about synonyms, antonyms, and key language topics

Customer Reviews

For second grader who is an early reader/writer and wants to set up a desk for her reading and writing area. Next to reading, her favorite literary activity is writing and illustrating stories. This desk size volume will be useable for several years.

Book missing many words that are on grand daughters spelling list. We are forced to use her brother's books to research word meanings. Don't understand why the books are missing words that are valid and found in other dictionaries.

We bought 4 of these as top prize gifts for our Sunday School kids. We love it, and so do they! Sleek hard cover, colorful pages, easy-to-read print. Really great value for a great price.

This book was assigned to my son from school. When it arrived and I started browsing it, I realized it's a great book.

I purchased the Kingfisher dictionary/thesaurus only because my child's teacher requested it. He's a third grader. I found that it does not have as much information as I would have liked. Personally, I would have chosen a more known publisher than this one.
