Hurlbut's Story Of The Bible, Original Edition (Yesterday's Classics)

Synopsis

A book which stands in such honor as the Bible should be known by all. And the time when one can most readily obtain a familiarity with the Bible is in early life. Those who in childhood learn the Story of the Bible are fortunate, for they will never forget it. In this unabridged and unedited edition you will find all the principal stories of the Bible, each one complete in itself, while together combining to form a continuous narrative. With 168 stories from both the Old Testament and the New Testament, there is ample material for a full year of reading. Since the book is designed to lead the young reader to the Bible itself, and not away from it, the language of the Bible, or a language somewhat like that of the Bible, has been employed. The Bible stories are made plain with explanation of unfamiliar terms as they are introduced, but the stories themselves are not rewritten or changed. In avoiding doctrinal bias, the author hopes that all denominations of Christians may feel at home in the pages of this book.

Customer Reviews

Yesterday's classics is a great site. I love the books there. This children's Bible story book provides a great overall picture of Biblical history. My kids love it. Ages 6, 5, and 3

I read the original book, which I inherited from my aunt, when I was a child. It needed repair. When I found this edition on , I was delighted. I ordered about 8 books for my family. I have now read the entire book and intend to reread it. It is easy reading, understandable, and perfect for adults and children. I received my knowledge of the Bible through this book. It is truly wonderful. Thanks for

finding it.

This is a good edition of Hurlbut's Story of the Bible, but it is not "original". The original broke up difficult words into syllables and had a "self-pronouncing" style for proper nouns which made it easier for young and old to read and correctly pronounce different (or foreign) words. I wish Yesterday's Classics had kept this feature. Off in search of the original on google e-books or gutenberg or the used book market...

Every Christian and every Christian family should have and read this book! I read it first in elementary school and have loved it for years! The purchase experience was awesome! The book was in perfect condition and I got it so fast!!!

The book, "Story of the Bible" is very well written and helps me to better understand the scriptures. I first began reading the "Story of the Bible" while we were on vacation in upstate New York visiting family. I found the book in the bedroom of the house we were staying in while visiting my sister-in-law. Originally, the book had been purchased by her now deceased mother-in-law. It was a great read, especially since I had failed to bring my own Bible on vacation. I was encouraged by everything that I read from Genesis to Numbers. I now use the book to augment my devotions and Bible study preparations. Hurlbut's Story of the Bible

I had this when I was a kid, and I bought it for my children. Now we are on the third generation and I bought the book for my grandchildren. This book does not have the pictures like the previous book did (I think because it is a paperback) but the kids still love to have the Bible stories read to them and it's a great way to teach children about God and His eternal word.

My friend with two young sons (and expecting their third child) was thrilled to receive this. I enjoyed these stories as a child, as did my own children with the one my grandfather passed down to me. I have not actually seen this printing in person, so can not comment on the quality of the pages/binding, but the stories are great.

I asked for the edition of HURLBUT'S STORY OF THE BIBLE that was the same version that I read as a child. That version had so many pictures in it ___ one for each story. I had wanted to give it to my great-grandchildren. The one that was sent to me had absolutely no pictures in it. With pictures, it

makes the small child want to hear the story read to him. That was why I was very disappointed in this book.
