Bought this, along with several other books, for a friend who was having her first child. It's been a year or two and this is her son's favorite book! When it's book reading time, she told me that this is

the one he goes to pick up!It makes me feel really good to know that he enjoys it.

This book is a must have for all AA children. My eight year old daughter loves it and I'm happy to see a book that is dedicated to us that is well worth every penny:)
