Black Butler, Vol. 6

Synopsis

The cheer of the holidays has passed, but the Noah's Ark traveling circus has been making the rounds, bringing fun and joy to children of all ages. However, as the ringmaster's cries fade away, a disturbing trend begins to surface in the wake of the colourful entourage. Children seem to disappear whenever the circus packs up for its next destination, and there are no clues...or corpses...to be found. But when the situation calls for Ciel and Sebastian to infiltrate the big top, will Sebastian's inhuman skills be enough to see him and his young master through a treacherous tightrope act that may well end in death?

Customer Reviews

Disclaimer: i'm an utter Kuroshitsuji (Black Butler) fan, so i'm a bit biased. Anyways, LOVE THIS SERIES!!! LOVE THE ART!!! LOVE THE CHARACTERS!!!!!! KKYAAA!!!! this is the first volume that the front cover isn't a pic of Sebastian but of Ciel instead. I'm not complaining. this is a nice change~. Content-wise, it's the beginning of the Circus Arc!!!!!! my fave arc so far in this series cuz i've read all the japanese translations online that's been out so far, but I love this series so much i'm collecting all the manga anyways! The circus arc is BEAUTIFUL the outfits are so intricate and

stylish, the makeup is amazing, and the borders and such drawn for embellishment go so well with the art~. Also this shows Ciel's more clumsy side. Unfortunately, if you're looking for more main plot, this volume might disappoint, however with all the jokes and hidden character development for Ciel, I say it's well worth it. People need to look carefully and analyze why Ciel does what he does and makes certain decisions since that's who he is. Ahem, not to mention, SEBASTIAN IS HAWT AS ALWAYS~~~!!!!!!

I ordered this volume along with nine other volumes from the same series. All of the books came to me as described, new. The condition was great; no nicks, bends or tears anywhere. The covers were shiny and free from finger prints (except my own I made during observation.) They all arrived within the estimated delivery time frame and were packaged well. 5 out of 5 stars.

Black Butler is a fantastic manga/anime series. Easily an addiction worth the money and the wait for the next volume.

I had so many expectations for this volume, and I can safely say it met all of them! The item was packaged nicely and came quickly! I loved the Sebastian tiger scene, and Williams' reappearance. I would definitely recommend this book for all fans of Black Butler.

This is the 6th book in the Black Butler series. I absolutely loved this addition to the series (I thought it was much better than 4 and 5 were). Children are going missing and their disappearances are linked to a traveling circus. Queen Victoria asks Ciel to look into this traveling circus and figure out what is going on. This was an incredibly fun and entertaining volume in this series. We get some wonderful scenes with the Undertaker (who I absolutely love). We also get some very hilarious scenes between Sebastian and a tiger. In the end Sebastian and Ciel have to join the circus to continue their investigation. The relationship between Sebastian and Ciel continues to be intriguing; it goes between resentment and a strange sort of caring. Along the way we meet a whole bevy of new and zany characters. We also again bump into one of the Grim Reapers. The Grim Reaper discusses some interesting aspects of Sebastian's character, further unraveling a small portion of the mystery surrounding Sebastian. There is a lot of action, some beautiful illustration and costume design, and lots of mystery. Overall this was an absolutely spectacular addition to this manga series. I am absolutely loving the characters, the story, the action, and the illustration. I can't wait to read the next book in the series. I would recommend to those who enjoy shounen manga with a

historical and supernatural bent to it.

Black Butler, Vol. 6 takes place in the circus. The Earl of Phantomhive has once again been called to investigate a crime. This time, it's missing children. Wherever the circus goes, children go missing. So, Sebastian (renamed "Black") and Ceil (renamed "Smile") go undercover as circus performers. They're newbies, so they must help preparing the food and cleaning, but eventually Sebastian gets on stage. To make matters more complicated, there's a grim reaper on the scene. I wasn't particularly impressed by the first 2/3 of this volume, but the final 1/3 blew me away. Toboso has an excellent way of building suspense by increasing the action through cutting between two scenes. The technique has been around since the Soviet films of the 1920s and can be seen in any competent thriller or horror movie, but in Black Butler, it's done as well as I've seen in a comic or manga. ****

when I finally got this in the mail. (took forever) it had some spine damage and the corners of the book were worn a little. Which is annoying considering the fact that I had to wait for awhile to get it. However the damage really wasn't all that bad and the story was a really good beginning to the investigation. Especially compared to the last two books it was a lot more entertaining.

Yana Toboso gets better and better. Noah's Ark Circus has chandeliers in the big top and Sebastian gets a little to fresh with a tiger which makes for quite a funny panel or 2. The hilarity mixed with the melancholy as only Kuroshitsuji can do in her own gorgeous style.
