Customer Reviews

Purchased this product for my wife to use during story time with kindergarten and down at our Church. She previously utilized the first edition of this product, and went through it several times. She enjoys this 2nd version as the stories are not repeated, and she stated that the activities included are very engaging. It's perfect for ages 2-5, and would recommend it's purchase.

I'm so happy that the stories from #1 aren't repeated in #2. It makes this book well worth the purchase!! There's a nice variety of activities for each story, meaning that all the activities aren't the same. It's well-suited for the recommended ages and is something that I really enjoy using to supplement my lessons. I'd recommend this book for anyone looking for fun simple activities to go with Bible stories!!

I use these pages to help me review the bible lesson with the children. They color the picture while I review the lesson. Some pages you cut apart and staple into a book, others require tape and yarn for the picture. Some pages do better copied on cardstock. Most suitable for 4 an 5 year olds.

The lessons are in Spanish, but the activities are not; I was a little disappointed. It's going to Nicaragua & there won't be anyone to explain how to do the activities. It came on time & is in good condition.
