The Power Of Your Words

Synopsis

Words carry enormous power to heal or wound, to encourage or dishearten, to speak truth or deceive. Learn to use your words to their greatest potential, including how to connect more meaningfully, undo the damage of your words, and pause and pray before s

Customer Reviews

I think most believers know their words have power, and everybody understands that words can hurt or help...but this book takes you to a place of greater understanding. I was convicted and I was encouraged- most importantly I am changed. This book proves the concept of the power of our words because Robert Morris' words did some surgery on me- and they would you too.I love Pastor Morris' writing- he writes to educate, build up and edify and this book is another example of his God-given skill. I have copied small portions of this book and put them on facebook and twitter for my friends, and emailed privately some others- it's that good. I am certainly encouraging my teens to read this. It will save them so much grief!

This book presents how powerful "words" are to everything and every area in your life. Any parent or spouse will find this book to be extremely helpful in having a home that is full of love, respect, and discipline. Rev. Morris shares such straight forward renderings of his heart and adherence to the word of God, that is is entirely refreshing. It is a book that I can hardly put down, but do for a short while so that I can absorb all the wonderful "words of life" into my spirit. Be blessed.

The book serves to heighten our awareness as to the power of life and death in our words. Doesn't get too deep in any one area, and has a helpful chapter on praying in the Spirit. This is encouraging to those of us who would like to receive the gift of a prayer language.

This is the third book we have read from Robert Morris. We actually use his books and videos for a home fellowship group we lead. The Biblical truths that Robert Morris teaches through his books and videos have been life changing for us and many others as well. I highly recommend his books!

This book is a powerful testimony of how God can work through an individual's life to change so many other individuals lives. Everyone in America need to read this book, if nothing more than to know that we do not have the freedom of speech in the Kingdom of God as it relates to each other, particularly negative speech. Sincerely,

Bought this for a friend who is in a verbally abusive relationship - read it myself and it is truly inspirational. It has changed the way I think about my communication with everyone, especially those closest to me.

This book gives us a true perspective to carefully choose the words that we deliver. Often it's too late when we realize that we've thrown verbal daggers that have forever wounded. This book is truly helping me with my quick insensitive retorts.

This book by Robert Morris is not another 'name it--claim it' book. I really enjoyed "The Power of Words." He takes the reader through the Bible to discover the power our words have. Great job Robert.
