Last Christmas I gave a dozen copies of this book away to friends and family, and without exception each recipient thanked me profusely for the gift of transcendent yet realistic hope and encouragement they received. Whatever your faith, whatever trial or triumph you're experiencing, this book's daily entries can lift you into communion with God and hold you there.

I have used this devotional for about 5 years now, since it was given to me as a gift from a dear friend and mentor. It is full of wisdom and insight and truth that relates to our daily lives today, even though most of the excerpts were written centuries ago. Some days I find I need to read the passage through a few times to fully absorb the meaning of it; other days it hits home right away. I find it amazing that the things the many authors wrote so long ago are still so relevant and applicable to my life--but I shouldn't be surprised, since God's word is dynamic and relevant. I appreciate the list of authors and their dates of birth and death listed in the back with references to the pages of their writings.

This book is like an angel perched on your shoulder that whispers secrets when you most need them. It comforts, encourages and supports those on a spiritual journey seeking a closer walk with

God. This book is Soul Food for the spiritual traveler.

This is my second copy of this inspiring devotional. I wore out my first copy. I like this book so much that I ordered two extra copies to give to my 22 year old daughter and my twin sister for their birthdays this summer.

Over the years I have purchased this book of Devotions 8 or 9 times ! My original was a gift for making a donation. It was small with a pink cover and I used it so much it fell apart. I ordered 6 more ...5 of them to give as gifts, I could not get used to my new one so gifted it as well and continued gathering up the pages of my original so I could read it. The day came I knew I had to have a new one. This time the cover and size were different. It was larger and no longer pink, but the same beautiful, up lifting Devotions were inside. Happy to say I have adapted and still use this as my daily devotional. I have added another but this is still my favorite. It speaks to my spirit through God's word and not just fancy prose. Recommend it highly.

This is a fuller version of the calendar, which has a quote for each day but appears to be no longer available. The quotes are rich with meaning and power, from a variety of interesting sources, and more words are added that I find good so far (haven't read them all). The book is physically beautiful.

This is a great little devotional. Each day has a Bible verse, a short poem (eight lines or less) and an excerpt of a writing by someone living anywhere from 354 AD to 1901 AD that pertains to the Bible verse. It takes a bit of effort to understand the different style of writing but is well worth it.

This journal is awesome. I love the author. I received her book years ago and just HAD to have this journal. She shares so much wisdom, hope. Thanks for being truthful about the condition. Its great. It was received promptly. The only thing better would be another copy to give to a friend! God bless you and yours!
