The Book Of Amos: A Commentary (The Old Testament Library)

Synopsis

In this volume, Jeremias suggests that the book of Amos was produced through various stages over time. While he does write from a critical perspective, his creativity offers a sensitivity to literary issues within the text that is often missing from critical work. The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys. The contributors are scholars of international standing.

Book Information

Series: The Old Testament Library

Hardcover: 200 pages

Publisher: Westminster John Knox Press (February 1, 1998)

Customer Reviews

Dr. J. Jeremias' scholarship of this first "writing" prophet, Amos, critical text is superb scholarship. He handles the usual burden of the historical commentaries which precede his commentary with the usual aplomb and diligence one requires of a Commentator on the ancient classical Hebrew texts. This is a book one must have in one's library, if one is a serious student of Hebrew theological literature and scribal literary culture. The 'real' portions of the texts by the Eighth century [860-850 B.C.E.] Prophet demand reading by our age as we enter our "evil times"; his message is simple if one is to improve one's society: love the good and hate the evil! I will add more to this review as I re-read his commentary for the fourth time; furthermore, I must re-read the Hebrew text (which I am currently doing) carefully. Amos has been in my consciousness for more than 30 years; one never grows tired of reading and re-reading the Hebrew text with its delicacies of grammar, rhetorical style and sublime poetical structures [assonance, inclusio, repetition, woe oracles, divine & prophetic

oracles, etc].Respectfully,John E.D.P. MalinChairman of the BoardInformatica CorporationSchool
