Customer Reviews

I bought the kindle version of this book a few months ago. It's not the end-all be-all of study guides, but it is a good resource. However, around location 2389 of 15343, there is a strange diagram which makes no sense. The chapter is about RMAN, and while the diagram is supposed to be an example of retention policy configuration, the picture has a screenshot of some java code that isn't related to RMAN or Oracle database.

Do Not (solely) Use this text for the current OCP 11g Administrator Exam - get updated material!!!

it was supposed to have some testing questions that I never got although I have raised several tickets and never received my answer & the help I was entitled to get
