Customer Reviews

We are currently using this for our midweek service. We have done many different series over the years but this series hands down has doubled our midweek attendance. Its really simple basic christianity but also nuts and bolts practical material for how to apply it to your everyday life. Each

week I have had to order more books because new people keep showing up. Great study guide, great video series. I high recommend

This is one of the better study guides that I've come across for several reasons: 1) It has excellent questions that encourage deep thinking on the scriptures 2) It is multi-faceted - it can be used as a personal journal, as a small group study guide, and as a sermon journal. The user does not have to use all of these functions, but they are available to use as needed. 3) It is concise and well designed 4) It matches well with the Believe NIV main reading book

This is a great bible study. It is Christian based but not denominational based. It is broad enough that anyone could use while at the same time exploring and discovering your own theological belief. We have completed 8 sessions as of this date and I have received great reviews from the class participants.

This is a very clear and concise study of the Christian walk. What we believe and how we put that belief into action. I participated in this study as part of a small group that had church wide participation so that even the weekly sermon reflected what was in the study each week.

I love this study guide. It fills me up in places I didn't know were empty!!!

Very informative abc enlightening Bible study

Wonderful books...wonderful service.

It put gods word in clear concise words I could understand. It helped me to see how I could use the Bible in my daily life.
