Angels On Assignment: GOD's Relentless Protection Of Your Loved Ones And You

Synopsis

In this book from best-selling author Perry Stone, we discover one of the most unusual covenants in the Scriptures, the Mizpah Covenant. This covenant has the power to release angels to assist you and forges a protective covenant around yourself and your family. It is important to discover how angels are involved in the lives of people on a personal and practical level. We will see biblical and current examples of angelic protection and will discover the steps to engaging in a covenant relationship with God that engages the help of His angels. Learn the kinds of assignments given to the angels, and discover five things that can offend angels and hinder their protection to man. We can be assured that God has commissioned His heavenly messengers to defend, keep, and protect His people.

If you want a book that is BASED on the BIBLICAL TEACHINGS, then this is the book to get. I am not finished with it, yet. Although, I received it in the first week of November and could of completed reading it by now, I have chosen to follow up on the Biblical references the author provided and do a little research of my own. When I first started reading it, I almost put the book up for awhile because I was so overwhelmed by all of the references the author used. I thought that I would not find the information I was searching for, such as the angels purpose and relationship with humans and God's creation and what benefit they provide, etc. I'm happy I didn't put it aside because I would have missed out on so much. I am even helping a family memeber with the

knowledge I recently, acquired. In turn, she is helping me. We are reminding each other constantly of the things to do to receive the help of God through His angels and reminding each other of things we shouldn't do that obstruct the help of God through His angels. This book is among my favorite books that I recently bought. This author has such a profound fear, respect and love for God and His angels. I am learning a lot from him about the importance of FAITH and BELIEF in GOD and OBEDIENCE to God's commandments and respect and appreciation for His angels. He teaches about the way you will receive God's help through angels by the right conduct and what conduct you must absolutely avoid so as not to offend them. THERE IS SO MUCH MORE. I HIGHLY RECOMMEND THIS BOOK.

The uncertainties of terrorism, crime, threats of pandemic diseases, and natural disasters are all indicators that our family members may be in a perilous situation at anytime. Perry Stone offers insight into an often overlooked Old Testament promise, the Mizpah Covenant. "Angels on Assignment" is written for believers today. Valuable lessons on how angels are involved in our lives offer the reader hope, encouragement, and a covenant of promised protection. Stone relates real life contemporary stories to illustrate how the Mizpah covenant builds a protective angelic fortification around your family and loved ones. He shows evidence of how this happens in situations where you may be separated from them. He helps the reader learn how to establish a Mizpah covenant.. "Angels on Assignment" bears positive testimony of the supernatural power of angels being sent to provide protection, to watch over, and defend your family. Perry Stone urges the reader to establish this remarkable Mizpah Covenant in their lives and to begin to experience the blessing of this covenant relationship with God. A profound message.

As usual Perry Stone does his research. Easy to read, short enough to keep your attention. He goes through the subject well, gives biblical references and seems much more careful than others who have written on this subject, not to take too many liberties. I enjoyed it and it gave me an increased feeling of peace knowing that angels are with us.

Perry Stone is a great teacher. This book gives scriptural proof of angelic protection as well as personal testimonies of God's covenant of protection for the believer. I am currently using it as a book study in my Signs of the times bible study. It's very enlightening, encouraging, and challenging.

Perry Stone is one of the most educated, enthusiastic, dedicated researchers of Christianity that I know. I have seen him live many times and watched a number of his videos. This book is just as spectacular as his lectures, and other media. Explained in explicit detail and so logical to follow it all makes so much sense. It's a must read for any person who believes in Angels and an enlightening read for those or are not sure yet.

I haven't finish the book yet, but from where I stop at, I will tell someone to read this book. I always look at Perry's Stone, and I try my best to not to miss his programs. And I will be buying more of his books. Thank You, Veronica.

Angels on Assignment was a remarkable book. The way Perry Stone pulls the wisdom and understanding out of the pages of the bible, combined with his amazing wealth of knowledge, is nothing short of gifted. He brings a gratifying depth of learning to the experience. Wonderfully enlightening with easily applicable learning for your life. This book was a MUST read good read.

Not what I was really looking for but the price was right. It is more about people experiencing answer prayer by the actions of angels? Small book and easy to read. You might like it but if you are looking for more info on angels, or about angels and who they are then maybe you, like e, will look else where. Oh, maybe the Bible? Now that is an idea, right? Only thing is, the Bible mentions Angels a lot but does not say much about them. Some angels are called Angels of the Lord and one of these Angels visiting the parents of Samson refused to give His Name? This Angel appeared as a man this account (Judges 13) and while they suspected this "man" to be an Angel of YaHWeH it was not confirmed for them until they made a feast/sacrifice and built a fire that this "man" stepped into the fire and shot up into the Heavens disappearing. Then they knew for sure that this was an Angel of the LORD (YHWH) -- it was this Angel that refused to give His Name. So, real Angels are very mysterious and do not go around calling attention to themselves -- for obvious reasons -- the weakness of the minds of men would, otherwise, worship them as gods, and even now, with such limited knowledge some do worship Angels and some even fallen as demons do men worship. Anyway, this little book does not add much in the way of our lack of knowledge.
