Synopsis

Wonderland returns with full force as Calie Liddle and her daughter, Violet, continue to hide from the very madness that still might be searching for them. But how long can they hide before having to face what they fear most? While Calie fights to protect her only daughter from danger, the Queen of Spades bides her time in Wonderland as she builds an army to finally take control of the realm and destroy the Queen of Hearts. Meanwhile, a new Mad Hatter has been born and he's not what anyone sees coming!

Customer Reviews

First, a little background. We start with "Grimm Fairy Tales" in 2005. The Wonderland series is a spin-off from that and is based, as you might imagine, on "Alice in Wonderland". Consider only the trade paperback collections. We start with "Return to Wonderland". Then the three part prequel, "Tales From Wonderland". Then, "Beyond Wonderland", the sequel to "Return to Wonderland". Then you get "Escape From Wonderland" and "Tales From Wonderland Volume 2". There is a "Wonderland Annual 2009: House of Liddle" and then "Alice in Wonderland", (from 2012). That brings us up to this "Wonderland Volume 1"). Now, some of the books deal with young Alice in

Wonderland. Some of the later books deal with now-insane Alice's daughter Calie, (an anagram for Alice). This book deals with a now grown up Calie, who is also pretty close to the edge, who is trying to protect her daughter, Violet, from becoming aware of the Wonderland past and being ensnared by and drawn into the madness of Wonderland. So, what we get are two parallel stories. **ALERT TO POSSIBLE MILD SPOILERS.** There is all manner of madness and conflict breaking out in Wonderland, most of it centered around dueling power hungry queens, (Queen of Spades and Queen of Hearts). That's story one. Interspersed through that is story two. Hatter is trying to get his hands on Violet while Calie is trying to keep Violet safe here on normal Earth. Violet is being made crazy by her over-protective mother; Calie is going mad from the pressure of protecting Violet, and all of that drama is about to come to a violent head. Here's my bottom line. If you have following this series you have to have this volume, and that's all there is to it. If you are new to this series, this probably isn't the place to begin.
