# Practicing Convergence Journalism: An Introduction To Cross-Media Storytelling

## Synopsis

Practicing Convergence Journalism teaches budding journalists how to make the most of digital technology to tell their stories effectively across multiple media platformsâ•in print, audio, video and online. Janet Kolodzy addresses multi-media and cross-media thinking, organizing, reporting and producing for both short-form spot news and long-form features. Her approach focuses on storytelling principles, not just specific technical practices, providing journalists with the mindset and skills they need to adapt their writing and reporting for the tools of today and tomorrow. With this book and the aid of its companion website, students learn how to: Develop a cross-media mode of journalistic thinking that will result in stories suitable for a fast-paced, multitasking and mobile audience. Decide when visuals are useful and necessary, and understand how to capture, select and organize them to effectively enhance a readerâ™s understanding of a story. Put together various elements of storytelling (writing, audio, moving and still pictures) for an interactive journalistic experience.

## Book Information

Paperback: 216 pages

Publisher: Routledge; 1 edition (August 10, 2012)

Language: English

ISBN-10: 0415890306

ISBN-13: 978-0415890304

Product Dimensions: 9.8 x 6.9 x 0.5 inches

Shipping Weight: 12.8 ounces (View shipping rates and policies)

Average Customer Review: 4.5 out of 5 starsÂ• See all reviewsÂ• (2 customer reviews)

## Customer Reviews

I am a professor of journalism at Panteion University of Athens/Greece (Department of Communication, Media and Culture) and I think this book is a good handbook. It is coherent, well structured and strongly usefull both for educators and students.Nikos Bakounakis

This is a required textbook for my Communications with Media and Technology course. I could not

recommend this book more. It's insightful and a quick, easy read. Highly recommended for anyone studying communications and how new technology tools impact our communications
