Customer Reviews

These books are so awesome and hysterical. I'm so glad this series saw the light of day because it's an amazing continuation. So far, it's had three solid volumes and I know that I can always count on these books to not let me down. *Knock on wood*The ending to this particular volume is hysterical and awesome and it's kind of driving me crazy because now I have to wait to find out how Jack Burton is going to get himself out of this new and impossible situation. Haha!
