## Customer Reviews

This book is okay. If you're looking for a book that tells the story of Noah's Ark in a straight forward manner that children will understand, this book is for you. Personally, I thought it read a little like a baby text book. My children don't ask for this one to be read again and again. If you have a younger child (under two), I would recommend Goodnight Ark instead.

My son's name is Noah and I wanted to get him a couple books that tell the story of Noah. This is a shorter version, Great for kids, And great pictures :) My son is 4mos, But was 3mos early, So he's not quite there yet but I can't wait to read it to him! (I do now but, u know!) I also got another Noahs Ark book on here, A little longer and more in depth, but both great books:~)!

This was a book gift for new parents to-be and they were very happy with it. Sent it with the Plush

Noah's Ark.Thanks Amzon

Great board book! So not for babies besides being a board book. It's actually quite detailed story telling. The pics are great!

This was given as a Baptism gift. It went nicely with the Noah's Ark plush set. I will order again for another gift.

I bought this as a Christmas present for my 1 year old nephew. I thought it was really cute. I would recommend it

The book was good quality just smaller than I expected. I didn't read the dimensions. Good quality for the price

I ordered these for my grandkids and just love them they will enjoy them when they are looking at books
