Customer Reviews

This book is just okay. I love the message but it just does not flow at all. It starts out with a nice inspiring rhyme and then seems very choppy, stops rhyming, and the pattern changes! It is terrible, a great message, but written poorly. I would send it back but I feel that is wrong, it is a risk you take when buying a book I guess.

We have read and reread this book so many times we have literally had to mend it so many times. It is beautifully written with a wonderful beat. I love the message and always love when the kids pick this book out.
